

Graduate Coursework for Steven Benjamin Levkoff

First Year

ECON200A - Microeconomic Theory I: Consumer and Producer Theory
ECON201A - Macroeconomic Theory I: Methods in Dynamic Macroeconomics
ECON205A – Econometric Methods I: Probability and Statistics
ECON200B – Microeconomic Theory II: Game Theory and Uncertainty
ECON201B – Macroeconomic Theory II: Dynamic Programming
ECON205B – Econometric Methods II: Regression Analysis
ECON200C – Microeconomic Theory III: General Equilibrium and Social Welfare
ECON201C – Macroeconomic Theory III: OLG and Optimal Control
ECON205C – Econometric Methods III: Time Series Analysis

Microeconomic Theory Cumulative Examination Passed

Macroeconomic Theory Cumulative Examination Passed

M.A. in Economics Awarded

Second Year

ECON213 – Methods and Themes in Economic History
ECON282G – Advanced Macroeconomic Theory: Heterogeneous Agent Models
ECON283P – Advanced Microeconomic Theory: Measurement of Technical Efficiency
ECON285F – Advanced Econometrics: Forecasting and Non-linear Time Series (Audit)
ECON282E – Advanced Macroeconomic Theory: Advances in Real Business Cycles
ECON283N – Advanced Microeconomic Theory: Games and Information
ECON285E – Advanced Econometrics: Panel Data Models
ECON282F – Advanced Macroeconomic Theory: Issues in Macro Forecasting
ECON283K – Advanced Microeconomic Theory: Topics in Trade and the Environment
ECON285J – Advanced Econometrics: Non-parametric Methods in Econometrics

**Field Exam Passed in Advanced Microeconomic Theory*

Third Year

ECON207 – Environmental Economics: Air Quality, Pollution, and General Equilibrium
ECON210E – Environmental Economics: Transportation and the Environment (Audit)
ECON283K – Advanced Microeconomic Theory: The Geometry of Optimal Taxation
ECON208 – Environmental Economics: Natural Resource Management
ECON283K – Advanced Microeconomic Theory: Auctions and Mechanism Design

Oral Examination Passed

Advancement to Candidacy for Doctor of Philosophy

Fourth Year

ECON240 – Labor Economics: Discrete and Continuous Choice Models (Audit)
ECON209 – Environmental Economics: Non-market Valuation & Environmental Policy
ECON283K – Advanced Microeconomic Theory: Industrial Organization

Major Fields: Advanced Microeconomic Theory*, Advanced Macroeconomic Theory, Environmental Economics

Minor Field: Advanced Econometrics
